

# THEIA FULL FACE VISOR

## Dielectric Face Protection

Product number: 100172

Face protection against medium energy impacts and arc flash hazards. Engineered to seamlessly integrate with Guardio Armet-Series, this EN166-compliant visor offers premium defense against a spectrum of workplace hazards. Shielding your eyes from potential harm, it ensures safety without compromising visibility. Equipped with a built-in droplet guard to protect against liquid splashes from above and chin splash protection.

It also has excellent scratch resistance and anti-fog protection, ensuring a clear and unobstructed view in various conditions.

### TECHNOLOGIES

**ANTI-FOG**  
Lens treatment that resists condensation build-up.

**COMPATIBLE WITH GLASSES**  
Accommodates the wearing of corrective eyeglasses.

**PANORAMIC LENS**  
Developed to maximize visibility with minimal viewing distortion.

**SCRATCH RESISTANT**  
Scratch treatment that increases product durability and longevity.

**DRIP PROOF UPPER CONTOUR**  
Rubber edge details that blocks moisture from entering helmet and also protecting the chin.
